

# MY OIKOS LIST

Add your friends, family, neighbors, co-workers and classmates to your list. They are a part of your relational world. Let God use you to bring them to Him. *(Mark 5:19-20)*

God wants to use you and your experiences to **help them find Him!**

Next, make a commitment to pray daily for those on your list. Pray that they would sense the presence of God in their lives and that God would draw each one to himself.

Offer yourself everyday as an instrument that God can use in their lives to minister to whatever their need may be.

Watch for opportunities to discuss and demonstrate your faith with them as well as invite them to church.
